

Keys to Success in the Kingdom of God

“The Greatest shall be the servant of all”

The key to success in the Kingdom of God is to willingly abandon and part with all, including your physical life, before the world robs you of the opportunity to do so.

When people ask you to do, or to give to them, or even if they sue you for something you have, which all along, you could have been willingly offering it to them to promote how eager that God is to love them through you; anyone of these can rob you of the opportunity to have the almighty constantly flowing out of you.

Look at this world as the creation of the creator in constant need of the love of the creator and look at ourselves as the conduit bringing the loving creator to His creation and you will always be admired and greatly spoken of in the Kingdom of Heaven.
