

The Serving Property of The Word

Romans 8:9 “Now if any man have not the Spirit of Christ, he is none of his.”

Servants of the word are what we all are. For we cannot know, communicate or learn without words. The word in the spirit of God reveals the Father as the source of all things and the designed expression of all things. *That tells me that the “Word” is the basis of all knowledge.* The word in the spirit of this age substitutes the industry or work of our hands, as the father we all should be aiming, hoping, longing and striving to obtain or have close to us, at all times, all the days of our earthly life.

In the spirit of God the word is kind and gentle to the true Father. For it brags, encourages us to think, and feel his thoughts and concerns. The word in the spirit of God honors and promotes the Father and Mother [The Comforter] (*Isaiah 66:13 “As one whom his mother comforted, so will I comfort you; and ye shall be comforted in Jerusalem.”*) of all things. The Father is the source and the Mother is The Spirit carrying Him - The Word.

Just as earthly souls consider the mother that cradled them in her arms, bore the, and raised them to be their father’s pride, and joy, to be so sacred that an insult or affront against her should be worthy of eternal punishment. The Word also considers the spirit (which is the mother that cradles him, bears him, and raises him, every time to express with boldness the goodness of The Father) to be so sacred that he has said an insult or an affront against The Spirit in unforgivable.

What earthly mothers do for a season in our childhood? The Holy Spirit does to the Word at all times in the hearts and minds of the Elect or chosen sons and daughters of God. Earthly mothers bare, cradled and raised their children for a season. But the Holy Spirit carries or cradles, bare and raises the Word to be the pride and joy of the Father of Lights within our souls at all times.

The Holy Spirit is the maternal entity for The Word. Only a mother knows how to raise a child to be the pride and joy of a father. That is why the scriptures explicitly indicates that

if the Word in us is not cradled and raised by His mother we are not God's **servicing property** - He that had not the Spirit of God is none of His.

The Father seeks (or treasures - for we seek what we treasured) those souls that have the mother and his Son - the word. "To serve Him," and employs their hearts and minds to feel and think on his behalf. He seeks or treasures those that serve Him in Spirit and in Truth.

No doubt our souls were made to be the house, the dwelling place of the Holiest of all families. The Father, the Spirit and the Son. When this family claims our soul to be their true pure and polished possession, we forsake all that before we acknowledged being our father and mother and everything we thought we owned. We recognize that as property we are not entitled to possess anything we only have the right to be owned, governed/controlled by The One that made us.

A tycoon calls his product or service "his baby" for it represents the idea he had that showed his ingenuity and creativity. But the real son that is born out of the mother of the house is the heir of all his property (i.e. the products and services the tycoon possesses).

We are children or babies of God in the sense that he manufactured us and made us to show his ingenuity and creativity. But the heir of all things is the "*Only Begotten Son*" who is brought forth by the Spirit.
